# The Africa Leadership Training and Capacity Building Program

# **Project Description**

The purpose of the Africa Lead program is to support the capacity building program of the US Government's Feed the Future (FTF) Initiative, which aligns U.S. Government development assistance with Africa-owned agriculture development plans that are, in turn, aligned with the African Union's Comprehensive Africa Agriculture Development Program (CAADP). CAADP seeks to contribute to the MDG goals by ensuring that governments throughout the continent apply 10% of their public budgets to agriculture in an effort to achieve the 6% annual growth in agricultural productivity that is needed to achieve sustainable food security throughout the continent.

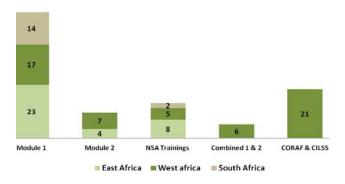

Africa Lead provides leadership training, capacity assessments, logistical support for training and innovative short courses and internships/twinning arrangements prioritized in consultation with missions and partner countries and institutions, and a database of training offerings on the continent that can be matched to the leadership training and capacity building needs.

# **Project Overview in Numbers:**

A total of **2,737 participants** from **39 different countries** were trained or sponsored by Africa Lead from September 2010 to November 2013. This figure includes participants from Module 1, Module 2, Non-State Actors, Combined Mod 1&2, CORAF & CILSS Customized Trainings, sponsored training conferences, and Internships. All participants are only counted once even when they attended more than one training.

Africa Lead alone conducted **107 different trainings** of various different modules and courses.
